

```
module_radiation_driver  
::radupdate
```

```
graph RL; gloopr --> module_radiation_driver::radupdate;
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'module\_radiation\_driver' on the top line and '::radupdate' on the bottom line. The box on the right is white and contains the text 'gloopr'. A dark blue arrow points from the 'gloopr' box to the right side of the gray box.
